

INTERNATIONAL MEDITERRANEAN SURVEY WORKSHOP  
University of Alicante. 18<sup>th</sup> and May 19<sup>th</sup> 2018  
“Survey methods for the management and protection of  
archaeological sites and heritage landscapes”

Venue: Aula Magna-Main Conferences Room of the Faculty of Philosophy and Letters. Building II.

Organized by: Ignasi Grau (Univ. Alicante); Juan Pedro Bellón (IAI, Univ. Jaén); Victorino Mayoral (IAM-CSIC) and Jesus Garcia Sanchez (Leiden University)

## FRIDAY 18<sup>TH</sup> MAY

Welcoming and coffee: 9:30 am (at the Lobby)

9:50 Opening

### Session: Survey methods for the management and protection of archaeological sites and heritage landscapes

**10:00-10:25 John Bintliff** "Unravelling complex rural land surfaces: Current insights from the Hyettos hinterland survey"

**10:25-10:50 Ignasi Grau, Julia Sarabia** "Long-term settlements and resilient landscapes in the Valley of Alcoi: the example of Perputxent".

**10:50-11:15 Victorino Mayoral, Teresa Chapa, Cristina Charro, María Teresa de Tena, Carmen Pro, Elia Quirós, José Ángel Salgado, José María Terrón, Javier Vallés** "Radiography of an Iron Age hillfort: an extensive program of non-invasive archaeology for the site of Villasviejas del Tamuja (Botija, Cáceres, Spain)"

11:15-11:30 Coffee break

**11:30-11:55 Javier Vallés, Jorge Matesanz, Teresa Chapa, Jesús Álvarez-Sanchis, Juan Pereira** "Visualizing buried remains on Iron Age sites with RPAS and 3D GPR: the Transvettonia Project"

**11:55-12:20 Helena Jiménez Vialás, Octavio Torres Gomariz, Fernando Prados Martínez** "Exploring complex sites in Menorca: from Talayotic to Roman times (1st millennium BC)"

**12:20-12:45 Rebecca Diana Klug** "Settlement density and land-use in the the hinterland of Agrigento in roman times"

**12:45 -13:10 Tesse D. Stek, André Carneiro, Jesús García Sánchez** "The new Frontier Landscape Project in Alto Alentejo (winter 2018)"

Lunch break

### Session Archaeological Landscapes

**14:30-14:55 Johannes Bergemann** "Some news from Sicily: settlement density, ecology and specialisation in agriculture".

**14:55-15:20 Pablo Paniego Díaz** "Archaeological survey in Ardila River Basin: action protocol"

**15:20-15:45 Elif Koparal** "Sustainable Landscapes: Revealing and defending the Ionian Landscape"

**15:45-16:10 Cesar Carreras** "From material scatters to palaeodemography: methodological issues for improving survey results"

16:10- 16:40 Coffee break

**16:40-17:05 Jesús García Sánchez, José M. Costa García, Manuel Fernández-Götz, João Fonte, Felix Teichner** "Combined Survey for the documentation of Roman military events: Warscapes in the Northern Iberian plateau, Spain"

**17:05-17:30 Susana González Reyero, Francisco Javier Sánchez-Palencia** "Vanishing agrarian landscapes. Photointerpretation and land use in Mediterranean mountain landscapes"

**17:30-17:55 Marco Miano, Alessio Toscano Raffa** "Phintias and Tauromenion: integrated projects between the study of urban transformations and data from the survey on the territory"

20:00 Social dinner (meeting at Mercado Central-Central Market)

## SATURDAY 19<sup>TH</sup> MAY

### Session Geophysics

10:00-10:25 **Frank Vermeulen** “What comes after archaeological geophysics on large and complex sites?”

10:25-10:50 **Lázaro Lagóstena Barrios, José Antonio Ruiz Gil, Jenny Pérez Marrero, Javier Catalán González** “The punic harbour of La Martela (El Puerto de Santa María): GPR survey and methods its archaeological visualization”

10:50-11:15 Coffee break

11:15-11:40 **José Antonio Ruiz Gil, Lázaro Lagóstena Barrios, Domingo Martín Mochales, Pedro Trapero Fernández, Rubén Parrilla Giráldez** “The phoenician site of Castillo de Doña Blanca, geophysics and modelling contributions to its archaeological plan”

11:40-12:05 **Jaime Molina Vidal, Lázaro Lagóstena Barrios, Daniel Mateo Corredor, Juan Francisco Álvarez Tortosa, Javier Catalán González, Manuel Ruiz Barroso** “Portus Ilicitanus: Extensive geophysical survey of its urban context, some methodological implications and results”

12:05-12:35 **Roger Sala, Helena Ortiz-Quintana, Pedro Rodríguez Simón** “Tracing survey strategies on Archaeological Geophysics. Three case-studies.”

### Final Discussion
